

Community Service

CULTIVATE COMPASSION BY SERVING OTHERS

The Kindness Closet mission is provide household and hygiene items to families who cannot afford these most basic needs such as shampoo, toothpaste and soap. These items are expensive and many just do without. We distribute necessities through a range of programs for students, seniors, families, and vets.

How it works

Decide on which items from the list below that you would like to collect during camp. Choosing one or two items to collect keeps it simple and easier for families to remember. Examples: Shampoo and conditioner, toothpaste and toothbrushes, laundry and dish detergent.

Contact Our Volunteer Coordinator at moorevillekindnesscloset@gmail.com to discuss any details or ideas you may have. We want to work with you to create the most meaningful project!

Promote your drive among your families. You may want to create a flyer to hand out, or send an email before your camp to tell parents about the upcoming service project. Let people know on social media!

Collect donations in a box or bin using the sign below. Count the items collected at the end of the drive and let us know what you collected. Your friends and family will feel great about what they collected and the impact they are making.

Arrange delivery of donations to the Kindness Closet storage located at the Mooresville Christian Mission. Post your pictures on social media and tag us. Also, send an email to let us know how it went!

THANK YOU FOR YOUR SUPPORT!
